

Windows 10 Home 32/64 Bit Product Key Licence with USB Installation Media

Basic Information

- Place of Origin: USA / HongKong / Singapore / ireland
- Brand Name: Microsoft
- Certification: Microsoft Certified
- Model Number: Windows 10 Home USB
- Minimum Order Quantity: 10 pcs
- Price: Negotiable
- Packaging Details: Factory Sealed Retail box / OEM
- Delivery Time: 1-3 work days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 5000 pieces /week

Product Specification

- Min. RAM: 2GB
- Operating System Edition: Home
- Min. Processor Speed: 1GHz
- Language: English
- Distribution Media: USB
- Min. Hard Drive Space: 16GB
- Highlight: **microsoft windows 10 pro 64 bit , windows 10 pro operating system**

Product Description

Windows 10 Home 32/64 Bit Product Key Licence with USB Installation Media

Description

The Microsoft Windows 10 Home operating system features the Cortana Digital Personal Assistant, to help you accomplish tasks with ease, by providing reminders at the appropriate place and time. With the expanded Start Menu, you can view important data and frequently used apps, as well as pin favorite apps, for convenient access. Reading online articles, and typing and sharing notes directly on to webpages is made possible with the Microsoft Edge web browser. Additionally, this software comprises multiple built-in apps, and a Windows store.

Product Features

The Best Windows yet

Windows 10 is designed to go with you seamlessly from one device to another. It's fast and responsive. You even get free chat or phone support from real people. With Windows 10, it's easier than ever to do great things.

It just works

Windows 10 combines the Windows you already know and adds great improvements you'll love. Technologies like InstantGo1 let you boot up and resume quickly. And Windows 10 has more built-in security features than ever to help protect against malicious software.

Multi-doing

Multi-task like a master with the ability to snap four things on the screen at once. Screen getting crowded? Create virtual desktops to get more space and work with just the items you want. Plus, all your notifications and key settings are collected on one easy-to-reach screen.

Microsoft Edge

It's the all-new browser designed to make the web work the way you do. Write or type directly on webpages and share your mark-ups with others. You'll like the reading view that clears away distractions. There's also an improved address bar to help you find things faster.

Continuum

The best screen is always the one you're on, because Windows 10 optimizes your experience for your activity and device. Onscreen features adapt for easy navigation and apps scale smoothly from the smallest to the largest displays²

Uniquely yours

Your Windows 10 device recognizes you and acknowledges your presence in truly personal ways. With Windows Hello, your device greets you by name and lights up in recognition, waving you through log-in and freeing you from having to remember or type in a password.³

Gaming and Xbox

Play your Xbox One games on your Windows 10 PC, laptop, or tablet. Use the Game DVR feature to record your greatest hero moves and send to your friends instantly, without leaving your game.⁴

Cortana

Cortana is your truly personal digital assistant who works across all your Windows 10 devices to help you get things done. By learning more about you over time, Cortana becomes more useful every day, staying transparent and keeping your trust.⁵

Footnotes

[1] Hardware-dependent

[2] App experiences may vary.

[3] Windows Hello requires specialized hardware, including fingerprint reader, illuminated IR sensor or other biometric sensors.

[4] Broadband Internet required for some features (ISP fees apply). Xbox Live features only available with supported games in Xbox Live-supported countries. Limited number of games available in 2015 that support cross-device play; additional games to follow. Stream to one device at a time; streaming with multiplayer from Xbox One requires home network connection and Xbox Live Gold membership (sold separately); Gold also required for multiplayer play on Xbox One. DirectX 12 only available with supported games and graphics chips. Game DVR only available with supported hardware. Xbox One, PC/Tablet and Phone versions of games all sold separately.

[5] Cortana available in select markets at launch, experience may vary by region and device.

Hard disk space	IA-32 edition: 16 GB x86-64 edition: 20 GB	N/A

Windows 10 Home vs Pro, Which Windows Is Right For You?

Windows 10 Home and Pro are finally here and they are full of great features. Windows 10 Home includes a return of the Start Menu, Cortana, Battery Saver Mode, Device Encryption, Virtualization, Microsoft Edge, and much more. A great choice for your PC at home.

Windows 10 Pro includes all the functionality of Windows 10 Home plus additional business and security features. Windows 10 Pro comes with Group Policy Management, the ability to join a Domain, Bitlocker, Remote Desktop, and Microsoft Passport. An ideal choice If you are running a small to medium sized business or if you are looking for advanced security.
