## Product Description

### Microsoft Windows 10 Pro 64-bit OEM For Computer System Installation In German

Windows 10 Pro enables your business to do great things from anywhere, and has the built-in flexibility necessary to scale as your business grows. Windows 10 Pro has enterprise-grade security to help protect your data, and it is simple to set up and manage for multiple users. It works across your devices so you can stay mobile, and integrates seamlessly with Office 365 (sold separately) connecting your team to maximize productivity. And affordable, durable, and versatile Windows 10 Pro devices can help your people get things done faster, with longer warranties and better support to help protect your investment. The bottom line? Anyone can do anything if they have the right tools. Windows 10 Pro positions your business to grow efficiently, while empowering your people to do great things. Use of this OEM System Builder Channel software is subject to the terms of the Microsoft OEM System Builder License. This software is intended for preinstallation on a new personal computer for resale. This OEM System Builder Channel software requires the assembler to provide end user support for the Windows software and cannot be transferred to another computer once it is installed. To acquire Windows software with support provided by Microsoft please see our full package "Retail" product offerings.

#### System requirements:

Processor	1 gigahertz (GHz) or faster processor or SoC
RAM	2 GB for 64-bit
Hard disk space	20 GB for 64-bit OS
Graphics card	DirectX 9 or later with WDDM 1.0 driver

Cortana is only currently available on Windows 10 for the United States, United Kingdom, China, France, Italy, Germany and Spain. An Internet connection is required to perform the upgrade. Windows 10 is a large file about 3 GB and Internet access (ISP) fees might apply. The upgradeability of a device includes factors beyond the system specification. This includes driver and firmware support, application compatibility and feature support, regardless of whether or not the device meets the minimum system specification for Windows 10. If the anti-malware application is compatible and current, your application will be preserved during the upgrade to Windows 10. Windows 7 desktop gadgets will be removed as part of installing Windows 10. The number of applications that can be snapped will depend upon the minimum resolution for the application. To use touch, you need a tablet or a monitor that supports multi-touch. Microsoft account required for some features. Some games and programs might require a graphics card compatible with DirectX 10 or higher for optimal performance.

#### The Windows you know, only better

**Windows 10 feels familiar so you can get more done from the get-go. The Start menu is back with space to pin your favorite apps. And simple navigation means you don't need to spend much time learning anything new.**

#### Always up-to-date

**You won't have to wonder if you have the latest features or security updates. Windows automatically delivers updates, when they're ready, directly to your device.**

#### Cortana's got your back

**Cortana is your truly personal digital assistant who works across all your devices to help get things done.**

#### Rule the web

**Microsoft Edge is an all-new browser built to deliver a better web experience. You can write directly on webpages from your PC, read articles distraction free, and save your favorites to read offline later.**

#### Take your gaming further

**With Xbox on Windows, play and connect with your games and friends. Everywhere.**

#### Universal Apps, including Office

**The Store in Windows 10 is a one-stop shop for hundreds of thousands of apps including games, music, videos, as well as a new version of Office.**
