Product Description

FQC-08929 Microsoft Win 7 Pro Sp1 OEM 64Bit Online Italian Language

Professional work with foundation

Windows 7 Professional 32/64-bit ESD is the right choice for you if you have high demands on the usability of your operating system. The version offered here is a particularly flexible and extensively usable variant, which goes far beyond the limited uses of the Home Edition.

Your operating system with a variety of uses

Windows 7 Professional 32/64-bit ESD was developed especially for use in businesses, where users have different requirements for an operating system than the classic version. Incidentally, this system is the first system that has also been specifically designed for use on laptops. It's also great on a classic desktop PC.

Makes Everyday Tasks Easier and Faster

Simple to Use

Preview - Manage lots of open programs, documents, and browser windows easily with thumbnail and full-screen previews of open windows.

Pin - Open files and get around your PC faster with the improved taskbar. You can easily pin programs you use often to the taskbar and launch them in just one click.

Jump Lists - Open files you use regularly in just two clicks with Jump Lists on the improved taskbar.

Snap - Windows 7 has simple new ways to manage open windows. For example, with Snap you can arrange two windows side-by-side just by dragging them to opposite sides of your screen.

Peek and Shake - Windows 7 lets you peek behind open windows to get a quick look at your desktop.

Windows Search - Instantly locate and open virtually any file on your PC, from documents to emails to songs, right from the Start menu, with Windows Search.

Easy to Connect

Wireless Setup: With Windows 7, setting up wireless connections is easier with consistent, one-click connections to available networks, whether those networks are based on Wi-Fi, mobile broadband, dial-up, or corporate VPN.

HomeGroup: Connect Windows 7 PCs on a home network in just four clicks and easily get to the photos, music, and files on each one - even share printers - with HomeGroup.

Easy to Browse the Web

Internet Explorer 8: Visual search helps you quickly find the information you want by adding visual cues and previews to search results from top search providers including Live Search, Wikipedia, Yahoo, Amazon, and others.

Web Slices: Use Web slices to conveniently keep up with changes on frequently updated websites, like eBay auctions or traffic sites, directly from the IE8 toolbar.

Easy to Communicate and Share

Windows Live Photo Gallery - makes share your photos to your favorite photo site easy.

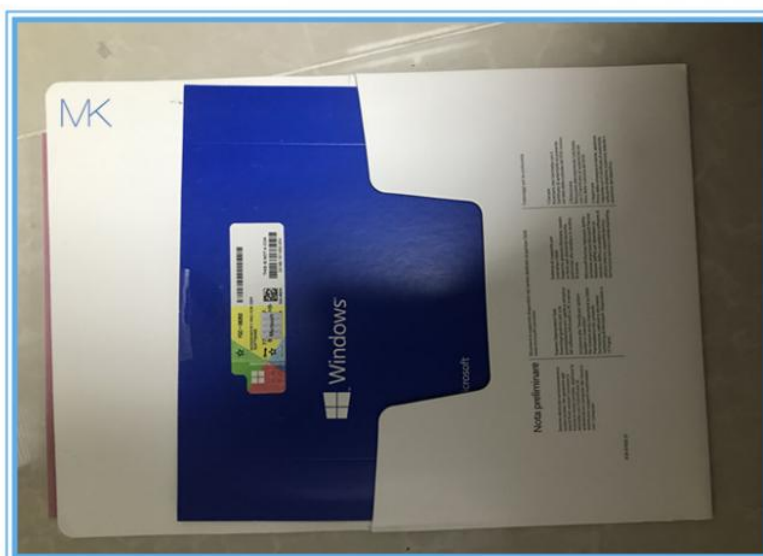

Windows Live Mail - makes managing multiple email accounts easy.

Windows Live Family Safety - Keep your child safe by managing what sites they can visit and who they can send/receive emails and im communications from.

Note: Windows Live components need to be downloaded separately.
