Basic Information

- Place of Origin: USA / HongKong / Singapore / Ireland
- Brand Name: Microsoft
- Certification: Microsoft Certified
- Model Number: Windows 10 pro OEM
- Minimum Order Quantity: 5 pieces
- Price: negotiable
- Packaging Details: OEM packing
- Delivery Time: 1-2 work day
- Payment Terms: T/T, Western Union, MoneyGram,
- Supply Ability: 5000 pieces / week

Product Specification

- PROCESSOR: 1 GHz
- Version: English
- MEMORY: 1 GB - 32 Bit / 2 GB - 64 Bit
- Activation: 100% Online Activation
- DISK SPACE: 16 GB - 32 Bit / 32 GB - 64 Bit
- Warranty: Lifetime
- Highlight: **Windows 10 Pro 64-bit, Windows 10 Pro 22H2, Windows 10 Pro OEM DVD**

Product Description

Microsoft Windows 10 Pro 64-bit - 1pk DSP OEM DVD for Windows Operating System 22H2

Windows 10 is an operating system from Windows family, developed and maintained by Microsoft. It is designed to work on modern personal computers and it's available in both 32 and 64-bit versions. Windows 10 was released in July 2015 as a successor to the previous version of the system – Windows 8.1 – and boasts multiple new features users long wanted to see. It also fixed numerous problems and bugs of its predecessor, refreshed the user interface, and incorporated better security measures.

Professional version of Windows 10 operating system comes with additional features aimed at business consumers. These include BitLocker encryption, group policies, dynamic provisioning, kiosk mode, Hyper-V, Windows Sandbox, Active Directory support, among others.

System requirements:

Component	Minimum	Recommended
Processor	1 GHz clock rate IA-32 or x86-64 architecture Support for PAE, NX and SSE2	x86-64 architecture with support for double-width compare and exchange (CMPXCHG16B) CPU instruction, PrefetchW and LAHF/SAHF
Memory (RAM)	IA-32 edition: 1 GB x86-64 edition: 2 GB	4 GB
Graphics card	DirectX 9 graphics device WDDM 1.0 or higher driver	WDDM 1.3 or higher driver
Display screen	800×600 pixels	1024×768 pixels
Input device	Keyboard and mouse	Multi-touch display Ctrl, Alt and Windows keys or their other hardware equivalents
Hard disk space	IA-32 edition: 16 GB x86-64 edition: 20 GB	-

Key features:

BitLocker encrypts your drive, protecting your private data in case of losing the computer.

Windows Sandbox helps to check suspicious files in a safe and closed environment.

Hyper-V technology can be used to easily run virtual machines on your computer – either for testing purposes, or to have an alternative operating system at hand.

Remote Desktop allows controlling your computer from a different device, which can be useful if one needs to access his office PC from home.

Trusted Boot checks the integrity of every system component on startup.

Windows Update for Business provides access to the latest innovations released by Microsoft.

Kiosk mode allows you to restrict PC to run a single application in fullscreen and gives you better control over the public computer.

The All in One: Microsoft Windows 10

It is developed to meet everyone's requirements with better integration of applications for work, gaming mode, and epic graphic experience.

Balanced Desktop

Your one place to be productive, all while keeping work in check with cloud management features that help you accomplish your work from anywhere.

Connect in a Secured Way

Windows 10 Pro devices run different applications to keep individual identities different and secured with the Assigned Access feature.

Kiosk Mode Setup

This allows you to configure a device locally on the device or remotely by using Mobile Device Management.
