Product Description

Microsoft Softwares Windows 10 Pro USB 3.0 32/64 Bit Full Version Retail Sealed

Description

The Microsoft Windows 10 Pro Operating System comprises an expanded Start Menu which displays frequently used apps and important data, as well as allows you to pin your favourite apps, for easy access. Using the Cortana Digital Personal Assistant, you can receive reminders and acquire assistance in accomplishing tasks in an organized manner. With the Microsoft Edge web browser, you can enjoy reading articles online, and type and share notes directly on webpages. Its BitLocker feature secures data on hard drives and storage devices.

Feature :

- 1 . If you have Windows 7 Home Premium, Windows 7 Professional, Windows 7 Ultimate, Windows 8 Pro with Media Center, or Windows 8.1 Pro with Media Center and you install Windows 10, Windows Media Center will be removed. For a limited time (the "eligible period"), on systems upgraded to Windows 10 from one of these older versions of Windows (a "qualified system"), a DVD playback app ("Windows DVD Player") will be installed. Note: the Windows DVD Player may not be installed immediately; it will be installed after the first successful Windows Update. The Windows DVD Player will be available for purchase from the Window Store for systems that (i) are qualified systems but the eligible period lapsed; (ii) are non-qualified systems; or (iii) were qualified systems but Windows 10 was subsequently clean installed (in this case, Windows Update cannot detect that it was previously a qualified system).
- 2 . MDM functionality will not be available in Windows 10 Home edition when Windows 10 is released.
- 3 . Windows 7 desktop gadgets will be removed as part of installing Windows 10.
- 4 . Solitaire, Minesweeper, and Hearts Games that come pre-installed on Windows 7 will be removed as part of installing the Windows 10 upgrade. Microsoft has released our version of Solitaire and Minesweeper called the "Microsoft Solitaire Collection" and "Microsoft Minesweeper."
- 5 . If you have a floppy drive, you will need to download the latest driver from Windows Update or from the manufacturer's website.
- 6 . If you have Windows Live Essentials installed on your system, the OneDrive application is removed and replaced with the inbox version of OneDrive. OneDrive does not support placeholder files in Windows 10. Windows 8.1 displayed placeholders for files available in OneDrive but not locally on the device. In Windows 10, users can choose which folders to sync from OneDrive settings.
- 7 . Snap is limited to 2 apps in Tablet Mode.

Microsoft Windows 10 Product Key Sticker:

We Promise to offer genuine OEM key, NO MSDN key.
 Activate 100% by internet for both 32bit and 64bit version.
 No language limitation.
