## Product Description

### Original windows 8.1 pro 32/64 Bits Full Retail Version online activation

#### Description :

The application that began Window's emphasis on app-friendly layouts, Windows 8.1 is the baseline for PC users who want to make the most of their smartphones. The touchscreen-friendly display is ideal for modern computing, allowing users to interact with any number of modern business apps at the drop of a hat. Drag and drop files across the cloud through built-in SkyDrive, encrypt data, and set up professional and secure networks with ease. Searches are more freeform and speedy as well, making locating files far simpler than with previous editions of Windows. Remote access is similarly convenient, ensuring users can access their system whenever necessary.

#### Features :

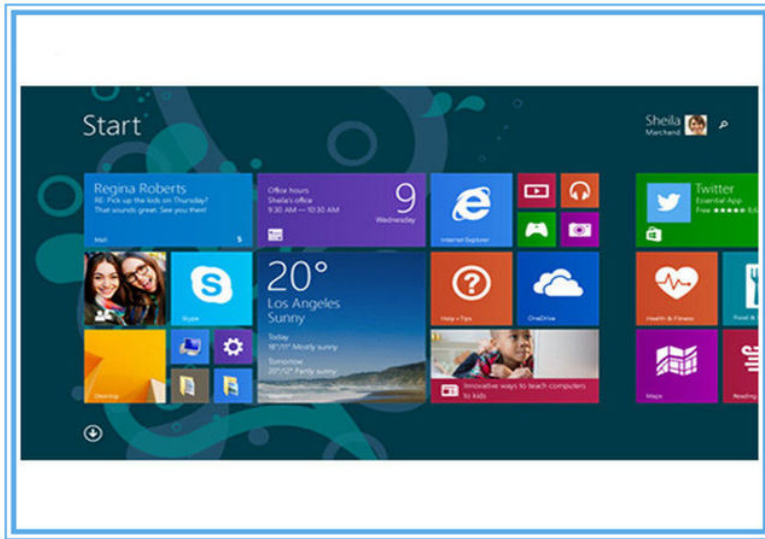

- 1 . This operating system is eligible for a free upgrade to Windows 10 when available. More details below.
- 2 . Protect your data by encrypting it with BitLocker & Access one PC from another with Remote Desktop
- 3 . Access photos & files virtually anywhere with SkyDrive built-in
- 4 . Windows 8.1 Pro offers enhanced features to help you easily connect to company networks, access one PC from another, encrypt your data, and more.
- 5 . Get to it all from the new Start screen, even your familiar desktop.

It Plays as Hard as it Works	Windows 8.1 gives you the power to quickly browse, watch movies, play games, polish your resume, and pull together a killer presentation — all on a single PC. Now you can organize up to three apps on your screen at once in a single view.
The Start Screen	Personalize your Start screen with your favorite news, friends, social networks, and apps. Customizable colors and backgrounds and four different sizes of tiles make your device as unique as you are.
The Apps you Want	In addition to great built-in apps for email, people, photos and video editing — you can also download thousands of popular apps from the Windows Store, including Netflix, ESPN, Skype and Halo: Spartan Assault.
Security	Stay up to date and more secure with Windows Defender, Windows Firewall, and Windows Update.
Speed	Windows 8.1 starts up faster, switches between apps faster, and uses power more efficiently than previous versions of Windows, including Windows 7.
Your Familiar Desktop	From the Start screen, you are just a click away from the familiar Windows desktop you know so you can do the stuff you've always done.
Multitasking Made Easy	It's easy to do more at once. Snap multiple apps side by side in a single view for easy multitasking.
Mouse, Keyboard—and now Touch	Windows 8.1 works harmoniously with various types of devices, including touch, mouse-and-keyboard, or both. Whatever kind of device you have, you'll discover fast and fluid ways to switch between apps, move things around, and go smoothly from one place to another.
Your files, Everywhere	Stay connected to your photos and important files and access them on your phone, tablet or PC with SkyDrive. By signing in with your Microsoft account to any of your PCs running Windows 8.1 and you'll immediately see your own background, display preferences, and settings.
You Keep all your Files	If your PC is running Windows 7, your files, apps and settings will easily transfer to Windows 8.1 Pro.
You Keep Familiar Programs	Programs that run on Windows 7 will run on Windows 8.1 Pro.
Your Office. Your Way.	Experience Office at its best on Windows 8 devices. Discover new and better ways to create, edit, and browse—using a keyboard, pen, or touchscreen. Don't forget: Office is not part of Windows 8.
