- Weight: 0.2kg/pc
- Highlight: **microsoft windows 10 pro 64 bit ,
window 10 pro full version**

Product Description

New Microsoft Windows 10 Pro Professional 64 bit usb +1 License onlione activation

Windows 10 Home vs Pro, Which Windows Is Right For You?

Windows 10 Home and Pro are finally here and they are full of great features. Windows 10 Home includes a return of the Start Menu, Cortana, Battery Saver Mode, Device Encryption, Virtualization, Microsoft Edge, and much more. A great choice for your PC at home.

Windows 10 Pro includes all the functionality of Windows 10 Home plus additional business and security features. Windows 10 Pro comes with Group Policy Management, the ability to join a Domain, BitLocker, Remote Desktop, and Microsoft Passport. An ideal choice If you are running a small to medium sized business or if you are looking for advanced security.

Additional Important Information

To install Windows 10 Pro OEM you will need to do a CLEAN INSTALL. If you do not want to do a clean install Windows 10 Retail is a better choice.

A clean install requires formatting your hard drive during the installation process (you will loose all data on your hard drive).

You cannot upgrade from an older operating system. However you can create a partition on your hard drive to back up your files and programs. You will also need to create installation media with either a DVD or USB drive. Directions on how to do a clean install and create installation media will be sent with your order.

Windows 10 Pro OEM can only be installed once on one computer.

Feature :

- 1 . The Start menu is back and better than ever so you can expand and customize it.
- 2 . Write or type directly on web pages and easily share the mark-ups with friends.
- 3 . Join your business or school domain for easy access to network files, servers, and printers.
- 4 . Enhanced security with BitLocker data encryption and protection.
- 5 . Login with Remote Desktop and create virtual machines with Hyper-V.

Note:

This operating system may be installed over previous versions of Windows XP and Windows Vista by completing a clean installation, or Windows 7, and Windows 8.1 by accessing the upgrade center built into the OS. However, specific hardware requirements must be met to support this system. Visit the system requirements section of this page to verify that your hardware will support this operating system.

Microsoft Windows 10 Product Key Sticker:

We Promise to offer genuine OEM key, NO MSDN key.
Activate 100% by internet for both 32bit and 64bit version.
No language limitation.

System requirements

If you want to upgrade to Windows 10 on your PC or tablet, here's the minimum hardware you'll need. Read further below to learn about the additional factors that impact upgradeability. For more information about the free upgrade offer¹, please visit the Windows 10 Upgrade page for details.

| | |
|------------------------|---|

| Graphic s card | DirectX 9 or later with WDDM 1.0 driver |
| Display | 800x600 |

lifetime warranty microsoft windows 10 pro software retail box can update free

Windows 10 combines the Windows you already know and adds great improvements you'll love. Technologies like InstantGo¹ let you boot up and resume quickly. And Windows 10 has more built-in security features than ever to help protect against malicious software.

Multi-doing

Multi-task like a master with the ability to snap four things on the screen at once. Screen getting crowded? Create virtual desktops to get more space and work with just the items you want. Plus, all your notifications and key settings are collected on one easy-to-reach screen.

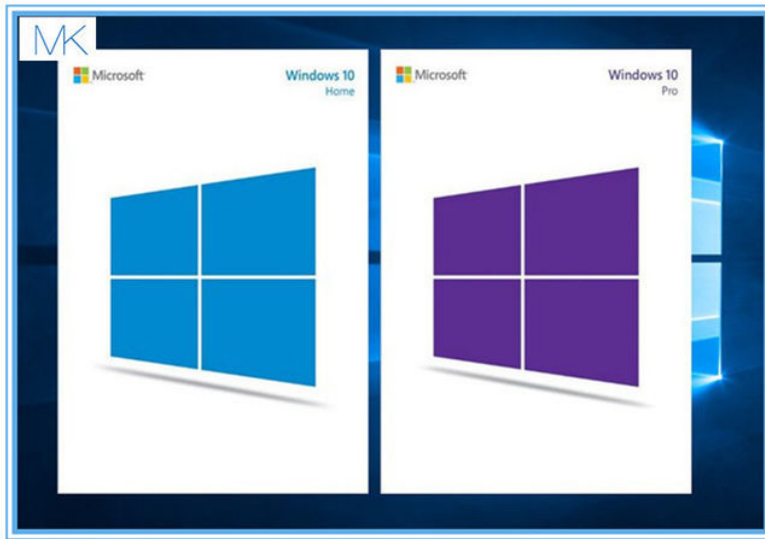

Microsoft Edge

It's the all-new browser designed to make the web work the way you do. Write or type directly on webpages and share your mark-ups with others. You'll like the reading view that clears away distractions. There's also an improved address bar to help you find things faster.

Continuum

The best screen is always the one you're on, because Windows 10 optimizes your experience for your activity and device. Onscreen features adapt for easy navigation and apps scale smoothly from the smallest to the largest displays.

2 Uniquely yours Your Windows 10 device recognizes you and acknowledges your presence in truly personal ways. With Windows Hello, your device greets you by name and lights up in recognition, waving you through log-in and freeing you from having to remember or type in a password.³
