Features :

The Windows you know, only better
Windows 10 feels familiar so you can get more done from the get-go. The Start menu is back with space to pin your favorite apps. And simple navigation means you don't need to spend much time learning anything new.

Always up-to-date
You won't have to wonder if you have the latest features or security updates. Windows automatically delivers updates, when they're ready, directly to your device.

Cortana's got your back
Cortana is your truly personal digital assistant who works across all your devices to help get things done.

Rule the web
Microsoft Edge is an all-new browser built to deliver a better web experience. You can write directly on webpages from your PC, read articles distraction?free, and save your favorites to read offline later.

Take your gaming further
With Xbox on Windows, play and connect with your games and friends. Everywhere.

Universal Apps, including Office
The Store in Windows 10 is a one-stop shop for hundreds of thousands of apps including games, music, videos, as well as a new version of Office.

Windows 10 Product Key Tool

Windows 10 Product Key Tool is a newly released utility from the developer behind the very popularEasyBCD software. With Windows 10 Product Key Tool, one can easily recover Windows 7, Windows 8, Windows 8.1, and Windows 10 product license keys from the BIOS or EFI in a jiffy.

To read Windows 7, Windows 8.1, or Windows 10 product key from the BIOS or UEFI, simply run OEM Product Key Tool on your PC. Upon running the tool, it will automatically scan your BIOS or EFI and display the product key. After recover the key, we recommend you store the product key in a safe location.

Windows 10 Product Key Tool is compatible with both 32-bit and 64-bit versions of Windows 7, Windows 8.1, and Windows 10. Visit the following page to download the latest version of OEM Product Key Tool.

Note that you might get "Unable to open MSDM table!" message if the product key isn't present in your PC's BIOS/EFI. If you're getting this message, the product key sticker must be located somewhere on your PC. Look for it!
