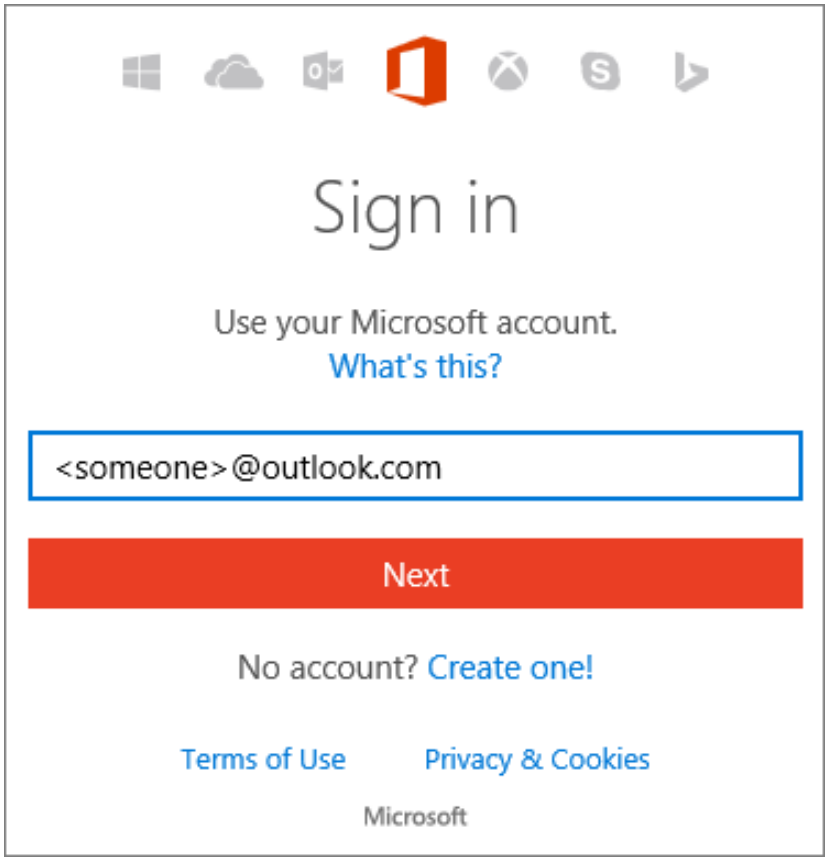
Product Description

Microsoft Office 2013 Software Professional 2013 retail pack with DVD 32bit/64bit

Install or reinstall Office Home and Student 2013, Office Home and Business 2013, or Office Professional 2013 (one-time purchase of Office)

Step 1: Sign in to My Office Account to begin installing Office 2013

1 . Go to My Office Account at www.office.com/myaccount. If you're not already signed in with the Microsoft account associated with your copy of Office do that now. If you're signed in with a different account, sign out of that and then sign in again with the correct Microsoft account.



TIP: If your sign in was unsuccessful try signing in again with the correct account, or see "This is the right place to install and re-install Office" for a list of options, including what to try if you can't remember your Microsoft account.

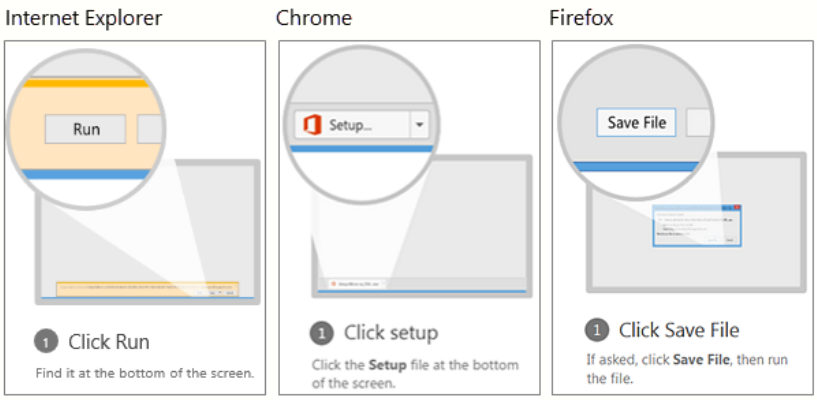
2 . In the Install Information section, select Install. This begins the process to install the 32-bit version of Office on your PC using the language you selected when you redeemed the product.

If you'd like to install the 64-bit version instead, choose Additional install options > Office (64-bit), and then select Install. If you're not sure which version you should install, see Choose the 32-bit or 64-bit version of Office.

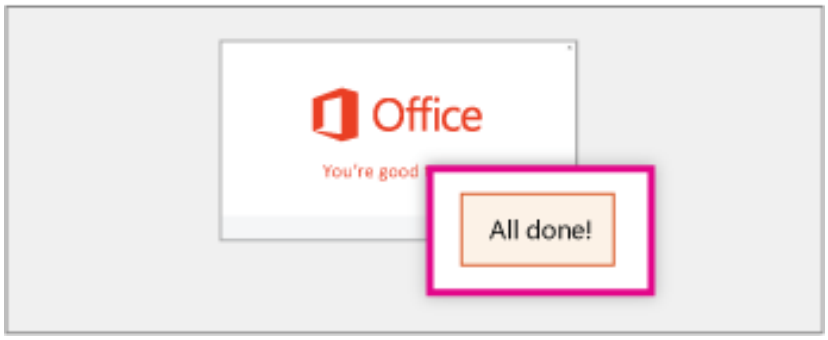
Step 2: Install and activate Office

Depending on your browser, click Run (in Internet Explorer), Setup (in Chrome), or Save File (in Firefox).

NOTE: If you're using Edge as your browser, first click Save, and then click Run.



2 . When you see "You're good to go", choose All done.



3. Start using an Office application right away by opening any app such as Word or Excel. In most cases, Office is activated once you start an application and after you click Accept to agree to the Microsoft Office License Agreement.

Software included:

Microsoft Word
Microsoft Excel
Microsoft Access
Microsoft PowerPoint
Microsoft OneNote
Microsoft Publisher
Microsoft Outlook
