Outlook
Easily manage your email, calendar, contacts, and tasks. Push email support keeps your inbox up to date, conversation view groups related messages, and calendars can be viewed side-by-side for planning.

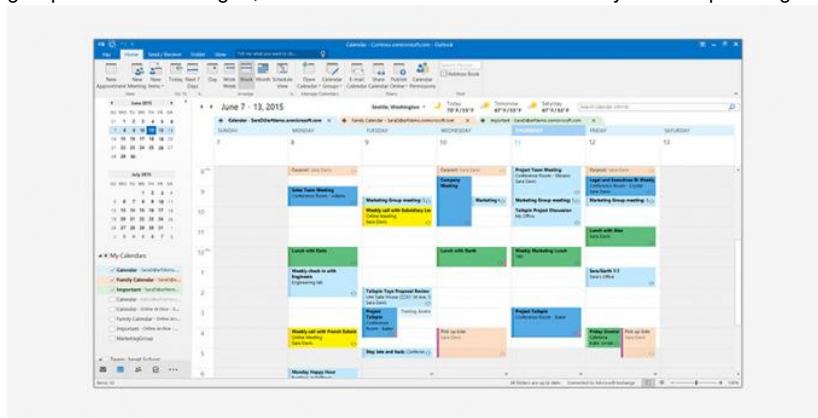

Word
Create and share professional-looking documents with state-of-the-art editing, reviewing, and sharing tools. The new Design tab provides quick access to features, and Smart Lookup shows relevant contextual information from the web directly inside Word.
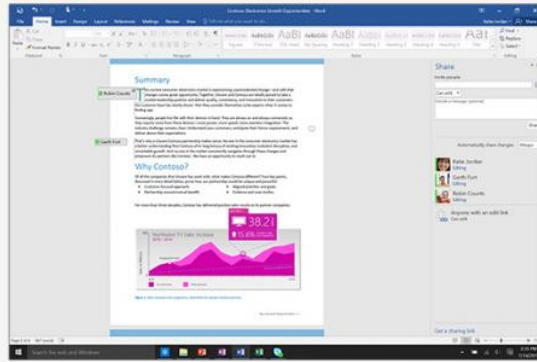

Excel
Analyze and visualize your data in new and intuitive ways with a fresh user interface plus your favorite keyboard shortcuts. Leverage features like Analysis Toolpak, Slicers, and Formula Builder to save time, so you can focus on insights.
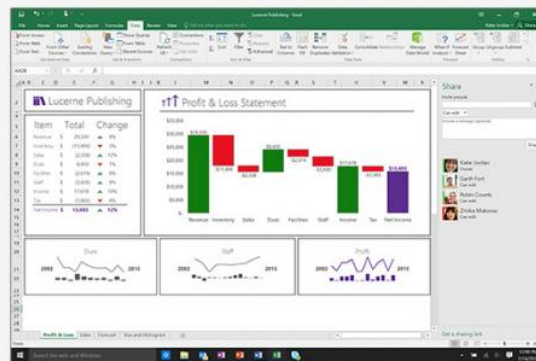

PowerPoint
Create, collaborate, and effectively present your ideas with new slide transitions and an improved Animations task pane. Threaded comments alongside your slides help you incorporate feedback into your presentations.

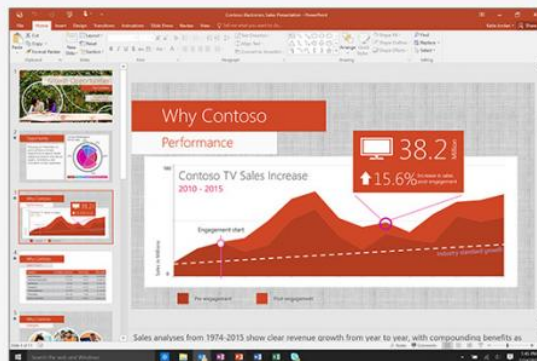

OneNote
It's your very own digital notebook, so you can keep notes, ideas, web pages, photos, even audio and video all in one place. Whether you're at home, in the office, or on the move, you can take it all with you wherever you go while sharing and collaborating with others.

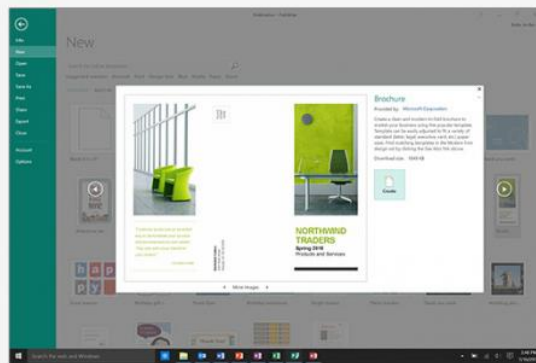

Access
Access is an easy-to-use tool for quickly creating browser-based database applications that help you run your business. Your data is automatically stored in a SQL database, so it's more secure and scalable than ever.
Publisher

Easily create, personalize, and share a wide range of professional-quality publications. Swap pictures with a simple drag and drop, or add pictures directly from your online albums. Use special effects to make your publications stand out.

Your stuff anytime, anywhere

Sign in to Office 2016 and use OneDrive to easily access your recent documents on any device with seamless integration.
