New Sealed Microsoft Server 2012 Standard R2 OEM 64 Bit 2 CPU License & DVD 512MB

Our Product Introduction

Basic Information

- Place of Origin: Ireland
- Brand Name: Microsoft
- Certification: Microsoft Cerfified
- Model Number: Windows server 2012
- Minimum Order Quantity: 5 pieces
- Price: Negotiable
- Packaging Details: Factory Sealed Retail box / OEM
- Delivery Time: 48 hours
- Payment Terms: T/T, Western Union, ,
- Supply Ability: 5000 pieces/week

Product Specification

- Language: English
- Licence Category: Standard
- Application: No Area Limition
- Packaging: Sealed White Envelope
- Min. RAM: 512MB
- Activation: Yes
- Highlight: **windows server 2012 r2 versions**, **windows server 2012 datacenter**

Product Description

New Sealed Microsoft Server Standard 2012 r2 OEM 64 Bit 2 CPU License & DVD

Details:

Server Virtualization: With Hyper-V in Windows Server 2012, it is easier than ever for organizations to gain cost savings from virtualization

Networking: Windows Server 2012 provides an array of new and enhanced features that help reduce networking complexity while facilitating more efficient and cost-effective networking management

Remote Access: Windows Server 2012 offers several ways to provide more efficient, secure, remote access to applications, data, or even an entire desktop environment

Identity and Security: Windows Server 2012 makes it easier for administrators to configure, manage, and monitor users, resources, and devices to ensure proper security and access

Storage and Availability: Windows Server 2012 can help you manage the balance between delivering capacity on demand while managing operational overhead and controlling capital expenditures

Features:

-Full OEM Version of Windows Server 2012 Standard Edition, 64-bit
-Simplified management console and clustering included
-Deduplication: Reduce wasted storage automatically
-Virtualization: Run up to two virtual machines on up to two CPUs
-OEM Server License and Media; Server 2012 Standard requires CALS, which are not included with this product.

Specifications:

Operating System	Microsoft Windows Server 2012 Standard x64-bit
Language(s)	English
License Type	License
Distribution Media	DVD-ROM
License Qty	2 additional processors
Licensing Details	64-bit

User Comment:

Server 2012 R2 Standard (2CPU/2VM) is the best you can get currently depending of course on your purpose for the OS. Installation was a breeze and insanely faster than prior MSoft Server OS's. It's lightweight (for Windows) until you load up all the server roles you may need, but the whole point of this license is to allow you to keep the OS's light weigh by Virtualizing other machines and having the jobs spread out!

Scalability:

Windows Server 2012 supports the following maximum hardware specifications.Windows Server 2012 improves over its predecessor Windows Server 2008 R2:

Specification	Windows Server 2012	Windows Server 2008 R2
Physical processors	64	64
Logical processors when Hyper-V is disabled	640	256
Logical processors when Hyper-V is enabled	320	64
Memory	4 TB	2 TB
Failover cluster nodes (in any single cluster)	64	16
