# Microsoft Windows Server 2012 Versions R2 64 Bit OEM P73-06165 Full Activation Well

Our Product Introduction

## Basic Information

- Place of Origin: Ireland
- Brand Name: Microsoft
- Certification: Microsoft Cerfified
- Model Number: Windows server 2012
- Minimum Order Quantity: 5 pieces
- Price: Negotiable
- Packaging Details: Factory Sealed Retail box / OEM
- Delivery Time: 48 hours
- Payment Terms: T/T, Western Union, ,
- Supply Ability: 5000 pieces/week

## Product Specification

- Min. Hard Drive Space: 32GB
- Licence Category: Standard
- Operating System Edition: Standard
- Packaging: Sealed White Envelope
- Min. RAM: 512MB
- Min. Processor Speed: 1.5GHz
- Highlight: **windows server 2012 r2 versions**, **windows server 2012 datacenter**

## Product Description

**Microsoft Windows Server 2012 Standard R2 64Bit OEM P73-06165 Full Activation Well**

**Technical Specifications**

License type: OEM
License quantity: 1 server / 2CPU / 2VMs
License duration: Lifetime
Minimum hard disk space: 32GB
Minimum RAM: 512MB
Minimum processor speed: 1.4 GHz
Language version: English DVD (Language Packs available after install)
Media type: DVD

**Details:**

**Server Virtualization**: With Hyper-V in Windows Server 2012, it is easier than ever for organizations to gain cost savings from virtualization

**Networking**: Windows Server 2012 provides an array of new and enhanced features that help reduce networking complexity while facilitating more efficient and cost-effective networking management

**Remote Access**: Windows Server 2012 offers several ways to provide more efficient, secure, remote access to applications, data, or even an entire desktop environment

**Identity and Security**: Windows Server 2012 makes it easier for administrators to configure, manage, and monitor users, resources, and devices to ensure proper security and access

**Storage and Availability**: Windows Server 2012 can help you manage the balance between delivering capacity on demand while managing operational overhead and controlling capital expenditures

**Server Management:** Windows Server 2012 can offer excellent total cost of ownership as an integrated platform with comprehensive, multiserver manageability

**Web and Application Platform**: Windows Server 2012 provides enormous flexibility for hosting web-based applications on-premises and in the cloud

**Features:**

Active Directory Rights Management ServicesBranchCache Content ServerBranchCache Hosted ServerDirect AccessHyper-VInternet Information Services 7.5Network Access ProtectionRemote Desktop Services *2Server CoreServer ManagerWindows Deployment ServicesWindows PowerShellLicensing Server/ProcessVirutalization rights

Disclaimer: Microsoft's Distribution Agreement for System Builders states that the system builder software packs are not intended for distribution to end users unless the end users are acting as system builders by assembling their own PCs. A "system builder" is anyone who assembles, reassembles or installs software on a new or used computer system. The software is new sealed OEM bundled with working hard drive (non-peripheral hardware) to comply with Microsoft and eBay OEM regulations.

**Specifications:**

| | |
|---|---|
| Operating System | Microsoft Windows Server 2012 Standard x64-bit |
| Language(s) | English |
| License Type | License |
| Distribution Media | DVD-ROM |
| License Qty | 2 additional processors |
| Licensing Details | 64-bit |

**User Comment:**

Server 2012 R2 Standard (2CPU/2VM) is the best you can get currently depending of course on your purpose for the OS. Installation was a breeze and insanely faster than prior MSoft Server OS's. It's lightweight (for Windows) until you load up all the server roles you may need, but the whole point of this license is to allow you to keep the OS's light weigh by Virtualizing other machines and having the jobs spread out!
