Product Description

FPP Retail Office Home Business 2013 Product Key no DVD English Activate Online

Description:

Office Home & Business 2013 is designed to help you create and organize faster with time saving features and a clean, modern look. Plus, you can save your documents in the cloud on SkyDrive and access them when you are not at home.

Features:

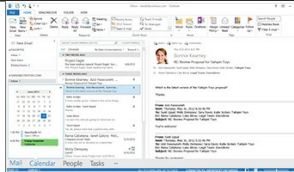

- Full, installed Office 2013 versions of Outlook, Word, Excel, PowerPoint, and OneNote.
- For 1 PC only, business or home use
- Windows 7 or later
- Easily save your documents online with free OneDrive online storage, available for all OneDrive users

<p>Full Microsoft Office</p> <p>Office Home & Business 2013 enables you to install the full 2013 desktop version of Word, Excel, PowerPoint, and OneNote so you can use all the features offline as well as online.</p>	
--	--

	<p>Make ideas stand out</p> <p>Presentation counts. Use the templates from Word or Excel or a new wide-screen PowerPoint template to turn those ideas into impactful presentations.</p>
---	--

<p>Stay organized</p> <p>Coordinating work and home life can be challenging. With Outlook email, shared calendars, and task-list tools, you can manage home and work schedules together.</p>	
---	--

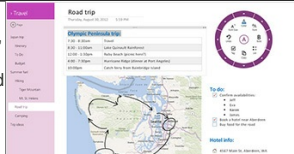

<p>Install full Office applications</p> <p>Install the 2013 version of Word, Excel, PowerPoint and OneNote, and capture your ideas however you work best—using a keyboard, pen, or touchscreen.</p>	
--	--

<p>Office Outlook</p> <p>Email, calendar, people and tasks. Communicate more effectively, easily manage your tasks and schedule, and find information faster than ever.</p> <p>Integrate multiple contacts into a single view with all of that person's contact information (including social network updates) with the People Card. Take a peek at your schedule, an appointment, without having to rearrange windows.</p>	
--	--

	<p>Office Word</p> <p>Word processing application. Create polished documents with Word. Do more with your Word docs: pop in an online video, open a PDF and edit the content, align pictures and diagrams with minimal fuss, and use Read Mode for distraction-free viewing on any screen.</p>
---	---

<p>Office Excel</p> <p>Spreadsheet and charting application. Sort and analyze your data with Excel. Excel templates do most of the setup and design for you, so you can focus on your information. For greater insight, convert your info into a chart or table—in just two steps. Flash Fill learns and recognizes your pattern and auto-completes the remaining data for you.</p>	
--	--

	<p>Office Powerpoint</p> <p>Presentation application. Build and present your story with PowerPoint. New alignment, color-matching, and other design tools help you create stunning presentations. No more eyeballing pictures, shapes, and more on your slides to see if they're lined up – Smart Guides make it easy. Improved Presenter View features let you control the presentation.</p>
---	--

<p>Office OneNote</p> <p>Digital note-taking application. All your notes, on all your devices, always up to date. Type, handwrite, or sketch your notes. Clip links and webpages, insert photos and videos, embed tables, and attach files. Your notes are saved, searchable, and synced to OneNote apps on your other devices.</p>	
--	--

OneDrive

All OneDrive users receive free online storage with OneDrive. Upload your Office documents, photos, presentations and more and then access them from a computer or phone. With the OneDrive desktop app installed on your computer, your documents are also available offline.

Office Online

Free Office Online sync with your OneDrive account, so when you are away from your PC you can access, view, edit and share your Word, Excel, PowerPoint and OneNote files from any Internet-connected device running a supported browser when you're away from your PC.
